

STAFF

All the staff has received their degrees from the Charles University in Prague. The meaning of the abbreviations used below, ordered according to the scientific level of the degree, is as follows:

RNDr. = Rerum Naturalium Doctor
CSc. = Candidatus Scientiarum (equivalent to PhD.)
DrSc. = Doctor Scientiarum

It is to mention that the education system introduced recently at the Charles University no more yields to the first two degrees, but introduces a new degree of Dr. (equivalent to PhD.)

Jan Anděl

Research associate

Graduated in geophysics in 1962, RNDr. in 1972.

Research interests: computer technics, digital recording.

Tel.: (42-2) 24915014, ext. 214 Fax: (42-2) 299272

Johana Brokešová

Research associate

Graduated in geophysics in 1986, RNDr. in 1986.

Research interests: propagation of seismic waves in laterally varying structures, seismic ray method, ground motions due to extended seismic sources.

Tel.: (42-2) 24915014, ext. 216 Fax: (42-2) 299272

E-mail: brokesov@cspguk11.bitnet
geofjb@cspuni12.bitnet

Ondřej Čadek

Research associate

Graduated in geophysics in 1984, RNDr. in 1984, CSc. in 1990.

Research interests: mantle dynamics, density and viscosity structure of the mantle, non-linear dynamics, plate tectonics.

Tel.: (42-2) 8576-2544 Fax: (42-2) 8576-2555

E-mail: geofoc@cspuni12.bitnet

Vlastislav Červený

Professor

Graduated in geophysics in 1956, CSc. in 1961, RNDr. in 1966, DrSc. in 1977.

Research interests: propagation of seismic waves in complex structures, seismic waves in anisotropic media, seismic ray method and its extensions.

Tel.: (42-2) 24915049 Fax: (42-2) 299272

E-mail: vcerveny@cspguk11.bitnet

geofsc@cspuni12.bitnet

Eva Drahotová

Technician

Tel.: (42-2) 24915014, ext. 216 Fax: (42-2) 299272

Alena Janáková

Senior assistant

Graduated in geophysics 1956, RNDr. in 1963, CSc. in 1982.

Research interests: large-scale irregularities of the slow variation of geomagnetic field, correlation with phenomena of core-mantle boundary.

Tel.: (42-2) 8576-2545 Fax.: (42-2) 8576-2555

Jaromír Janský

Research associate. Seismologist in charge of seismic station PRA.

Graduated in geophysics in 1960, RNDr. in 1967, CSc. in 1972.

Research interests: seismic body waves, synthetic seismograms, ray method, PKP phases.

Tel.: (42-2) 24915014, ext. 214 Fax: (42-2) 299272

Zdeněk Martinec

Associate professor

Graduated in geophysics in 1976, RNDr. in 1978, CSc. in 1983.

Research interests: boundary-value problems of physical geodesy, modelling of mantle convection, free oscillations of the earth, numerical processing of geophysical signals, spectral methods, inverse problems, electromagnetic induction in the earth's mantle.

Tel.: (42-2) 8576-2539 Fax: (42-2) 8576- 2555

E-mail: geofzm@cspuni12.bitnet

Ctirad Matyska

Associate professor

Graduated in geophysics in 1982, RNDr. in 1982, CSc. in 1987.

Research interests: mantle dynamics, modelling of mantle convection, polar wandering, hot spots, variational approach to the non-linear momentum equation, non-linear dynamics, boundary-value problems.

Tel.: (42-2) 8576-2538 Fax: (42-2) 8576-2555

E-mail: geofcm@cspuni12.bitnet

Jiří Moser

Research associate

Graduated in geophysics in 1990.

Research interests: mantle dynamics, numerical simulations of mantle convection, rotational dynamics.

E-mail: geofjm@cspuni12.bitnet

Oldřich Novotný

Associate professor

Graduate in geophysics in 1964, RNDr. in 1968, CSc. in 1972.

Research interests: seismic surface waves, crustal and upper-mantle structure, matrix methods in seismology, role of fluids in generating earthquakes, planetary magnetism.

Tel.: (42-2) 8576-2536 Fax: (42-2) 8576-2555

E-mail: geofon@cspuni12.bitnet

Karel Pěč (died on April 9, 1993)

Professor, Head

Graduated in geophysics in 1953, CSc. in 1960, RNDr. in 1966, DrSc. in 1984.

Research interests: gravitational field and dynamics of the Earth's mantle, electromagnetic induction in the Earth, spherical harmonic analysis, inverse problems.

Iva Švitorková

Secretary

Tel.: (42-2) 8576-2535 Fax: (42-2) 8576-2555

E-mail: mfkkg@cspguk11.bitnet

Ludvík Urban

Research associate

Graduated in geophysics in 1978, RNDr. in 1980, CSc. in 1986.

Research interests: geomagnetism, seismic surface waves, planetary geophysics; personal computers, computer graphics.

Tel.: (42-2) 8576-2541 Fax: (42-2) 8576-2555

E-mail: geoflu@cspuni12.bitnet
